

AUTOMATION, PREPRESS & PROOFING

- ProConductor is our front-end technology solution that orchestrates automated workflows from ingestion throughout production. It's integrated with our MIS/ERP and inventory applications.
- Kodak Prinergy
- Kodak InSite – remote proofing
- DALIM File Normalization & Preflight
- Global Vision Error Detection
- Kodak Magnus Q800 Platesetter
- Epson SureColor P9570
- Imageprograf Pro-4100S – 42"

VARIABLE DATA PROCESSING

- Composition GMC/Quadient
- Composition XMPie
- Bluecrest BCC Postal Processing
- Satori Data Prep
- Propago Marketing Portals

DIGITAL PRINT

- Landa S10P Nanographic Printing® Press with in-line UV and aqueous coating
- Landa S11P Nanographic Printing® Press *(coming Summer 2024)*
- Canon ProStream 1800
- Canon imagePRESS V900
- HP PageWide Web Press T240 HD with cross/horizontal dynamic perforator
- Two HP Indigo 10000, 7-color
- HP Indigo 7800, 6-color
- W+D i-Jet High Speed Envelope Press
- Two iJetColorPro Presses

OFFSET PRINT

- Heidelberg Speedmaster 40" 6-color Conventional Press with aqueous (flood or spot coating)
- Heidelberg Speedmaster 40" 5-color Press with aqueous (flood or spot coating)
- Techkon Digital Ink Presets & Color Control

LARGE FORMAT

- Fuji Acuity LED 1600 II Printer – 62"
- Multiple Large Format Substrates
- Gloss and Matte Lamination

FINISHING

- MBO Roll Fed Nearline Finishing
 - Modular Design
 - Dynamic Perfing and Scoring
 - Variable cut length
 - In-line Rotary Diecutter
 - High-speed variable Postcard production with unique shapes and sizes available
- Heidelberg 6-pocket Stitchmaster with in-line cameras
- Standard Horizon Collator/Stitchliner with in-line camera
- Bograma 550 Servo Rotary Diecutter
- Bobst Novacut 106E Autoplaten Press – 41.75"
- PMC 200 Die Cutter
- Moll Regal Folder Gluer System with in-line camera
- Padding
- Shrinkwrapping
- Channel Scoring
- Horizon BQ 470 EVA Perfect Binder with HT 70 3-knife trimmer
- Bourg BB3002 with auto feeder and in-line CMT 3-knife trimmer
- Tecnaun unwinder C23 Cutter (Cut Sheet) and S25 Stacker
- Tec Lighting Trucoat 30" High Speed UV Coater
- D&K Two-side Laminator
- Three Paper Cutters and Seven Folders

STRUCTURAL DESIGN

- Artios CAD 2D Drafting System
- Kongsberg XE10 Table – 31" x 43" cut area

DIRECT MAIL

- USPS® Full Service Intelligent Mailer with eInduction Seamless Acceptance
- Flow Master RS 6-pocket inserter Read & Write UV inkjet capabilities
- Mailstream Evolution 6-pocket intelligent inserter Read & Write UV inkjet capabilities
- FPS 6-pocket intelligent inserter
- Kern 3600 High Performance Intelligent Inserter: (Max speed of 27,000/hour) 4-Color inkjet, produced on both roll-fed and cut sheet capabilities
- Kirk Rudy Phoenix UV Inkjet

FULFILLMENT/DISTRIBUTION

- Over 235,000 sq. ft. warehouse and fulfillment space
- Custom Kit Assembly and Hand Bindery
- Inventory & order management technology
- Barcode-driven pick & pack

ENVIRONMENT & SUSTAINABILITY

- Kodak Sonora Processless Plates
- FSC® Chain of Custody Best Practices
- We track plant spoilage internally and maintain less than 1% spoilage benchmarked to total revenue
- We recycle waste paper, steel, and aluminum and follow best practices for sustainable disposal of inks, coatings and other waste consumables
